

# SUJIT BHAGWAN KATE

9588493400 | sujitkate159@gmail.com

## Objective

Software Engineer with excellent problem solving skills and ability to perform well in a team.  
Passionate about learning new things in technology.

## Experience

- Cognizant - Internship** 13/01/2022 - 15/07/2022  
Programmer Analyst Trainee  
Worked on core Java Programming Fundamentals  
Completed 100+ handsOn task.  
Secured 90+ average percentage in monthly evaluation.  
Completed soft skill training program with good feedback.  
Implemented project on mathematical applications in spring boot using hibernate.

## Education

- K.E Society's Rajarambapu Institute of Technology,Sangli** 2022  
Computer Science and Engineering

## Skills

- Java, Spring Framework, Microservices, Spring Boot,MySQL

## Projects

- Hotel Rating Application usign Microservices**  
It is console based application.  
It contain three microservices User, Rating and Hotel.  
Each service having different type of database.  
User service will communicate with hotel and rating to retrive rating assigned by user to various hotels.  
Database of each services -> User-MySql, Hotel-pgAdmin, Rating-MongoDB.  
It is hosted on Eureka server.  
Skills used-Java,Microservices,Spring Boot,MySQL, pgAdmin, MongoDB.
- Smart Contact Application**  
It is web based application.  
It stores information of each user and his contact details separatly.  
User can perform CRUD Operations.  
Skills used- Core Java, HTML5-CSS,JavaScript,Bootstrap, Spring Framework,Hibernate,Spring Boot,MySQL Database,SQL.
- Student Management System- Using Spring ORM**  
It is console based application.  
It is to understand working of Spring ORM.  
User can perform CRUD operations with MYSQL database.  
Skills Used- Core Java, Spring Framework,Hibernate,MySQL Database.

- **Spring RestFull Services**

It is console based application.

To perform CRUD operation using REST Controller and Postman.

To learn working of RestController.

Skills used-Core Java, Spring Framework, MySQL, Hibernate

- **Food Delivery Application**

It is android based mobile application.

To deliver foods from multiple producers to multiple consumers.

Implemented using Core Java, XML and firebase database.

Learned team work.

Solved many problems of project in a group.

Learned to work with real time project.

## Certifications

- Core Java- Certification
- Spring Boot- Certification
- Spring Framework In Easy Steps-Course
- Core Java Made Easy-Course
